

INDUSTRIAL SHOE ADHESIVE

FAST DRYING FORMULA
For Professional & Industrial Use

LONG
LASTING

HIGH
GRIP

RELIABLE
PERFORMANCE

TITAN is a premium-grade contact adhesive engineered to deliver superior bonding strength for shoe lasting, sole fixing, leather, rubber and synthetic materials.

Formulated in
America 

DIRECTIONS FOR USE

- Thoroughly clean, dry and roughen both surfaces to be bonded.
- Apply a thin, even coat of TITAN Adhesive on both surfaces.
- Allow the adhesive film to dry for 5–30 minutes until tacky.
- Join surfaces carefully and press firmly using hand pressure, roller or hammer.
- Ensure proper contact without air entrapment.
- Bond strength increases with time.
- Surfaces left unbonded may be reactivated using heat or suitable solvent.
